Hybrid

Catalog Description

This course focuses on principles for promoting language, literacy, and learning for preschool English language learners. Upon successful completion of this course, students will demonstrate the ability to foster an environment that respects and values linguistic and cultural diversity while assisting children toward the eventual mastery of English as a second language.

Schedule Description

Students learn how to foster an environment that values and respects linguistic and cultural diversity while also assisting young children with mastery of English as a second language. Prerequisite: CDE 101

Entrance Skills

Students need to have a working knowledge of typical and atypical development, objective observation skills and knowledge of the influence of multiple contexts on children's development.

Requisite Course Objectives

CDE 101-Differentiate characteristics of typical and atypical development.

CDE 101-Evaluate the influence of multiple contexts on children's development.

CDE 101-Apply objective techniques and skills when observing, interviewing, describing, and evaluating behavior in children.

Course Content

Lecture:

- a. Dual language program models and strategies
- b. Development of home language and English as a second language
- c. Observation and assessment of young dual language learners
- d. Relationships with families of dual language learners.

Course Objectives

	Objectives
Objective 1	Identify and describe dual language program models and strategies.
Objective 2	Define and foster development of home language and English language skills.
Objective 3	Observe and assess dual language learners using a variety of instruments and methods.
Objective 4	Demonstrate respect for linguistic and cultural diversity.
Objective 5	Access resources for teachers of preschool through grade 2 for working with English language learners.
Objective 6	Provide a classroom environment with a rich array of language development strategies that meet the needs of individual children.

Student Learning Outcomes

	Upon satisfactory completion of this course, students will be able to:
Outcome 1	Create language development goals for children who are dual language learners that foster the development of home language while acquiring English in an academic setting
Outcome 2	Create a classroom environment and lesson plan strategies that enhance the development of both first and second languages for children ages 3-8.
Outcome 3	Design strategies for developing respectful relationships with families of dual language learners that emphasize the family role as the primary educator of the child.

Methods of Instruction

Method	Please provide a description or examples of how each instructional method will be used in this course.
Discussion	Students will engage with each other and with the instructor discussing course topics and application of strategies.
Activity	Students will complete active learning activities designed to deepen comprehension of topics.

Supplemental/External Activity	Students will observe children who are English language learners in the classroom and assess their language development.
Observation	Students will observe teachers engaging children in language learning activities.
Lecture	Instructor will provide lectures on topics related to the course objectives.
Technology-based instruction	Students will use You Tube and other video sites to practice reading to children who do not speak English. LMS will be used for videos and recording story sharing.

Methods of Evaluation

Method	Please provide a description or examples of how each evaluation method will be used in this course.	Type of Assignment
Group activity participation/observation	Students will view video clips of teachers and children. They will discuss and assess.	In Class Only
Product/project development evaluation	Students will implement activity plans and will observe and critique each others' plans.	In and Out of Class
Guided/unguided journals	Students will be provided with writing prompts to complete and bring to class related to language learning and classroom practices.	Out of Class Only
Presentations/student demonstration observations	Students will record themselves presenting a dialogic reading activity with children who are English language learners. Recordings will be shared and will be assessed by their peers.	In and Out of Class
Field/physical activity observations	Students will observe in a classroom setting to assess teacher application of techniques learned in class.	Out of Class Only
Reading reports	Students will read text and other assigned materials weekly. Students will provide summaries of each chapter or assigned reading.	Out of Class Only
Written homework	Written reports of two observations and of activity plans will be required.	Out of Class Only

Assignments

Other In-class Assignments

- Prepare and demonstrate lesson plans geared to assist English Language Learners.
- Prepare a design for early childhood classroom learning and language experiences that support dual language learners and present design in class.
- Group discussions and activities related to assisting English Language Learners in the classroom.

Other Out-of-class Assignments

- Observe an English Language Learner's social interaction and write an objective description of the language development of that child.
- Plan an integrated lesson plan based on a children's book in another language, lesson plan must meet developmentally appropriate curriculum guidelines established by the National Association for the Education of Young Children and must be aligned with California Department of Education state standards for English Language Development.
- Create a home/school project that respects the diverse language skills of the family.

Grade Methods

Letter Grade Only

What will you be doing in the face-to-face sections of your course that necessitates a hybrid delivery vs a fully online delivery?

Students will complete a course orientation, share lesson plan activities and observe the instructor present a story reading in the face to face session. Although these activities can be completed online, a face to face session is preferable when possible.

Instructional Materials and Resources**Effective Student/Faculty Contact****Which of the following methods of regular, timely, and effective student/faculty contact will be used in this course?****Within Course Management System:**

Timely feedback and return of student work as specified in the syllabus
Discussion forums with substantive instructor participation
Regular virtual office hours
Private messages
Online quizzes and examinations
Video or audio feedback
Weekly announcements

External to Course Management System:

Direct e-mail
Posted audio/video (including YouTube, 3cm mediasolutions, etc.)
Synchronous audio/video
Telephone contact/voicemail

For hybrid courses:

Scheduled Face-to-Face group or individual meetings
Field trips
Orientation, study, and/or review sessions
